

- 1) This plan has been prepared for topographical purposes only. No liability is accepted if the plan is used for any other purpose.
- 2) Any measurements taken from information which is not dimensioned on the electronic copy are at the risk of the recipient.
- 3) This plan may subject to the granting of subdivision and/or resource consents and should be treated as a proposal until such time as the necessary consents have been granted by the relevant authorities.
- 4) This survey has been carried out to a topographical standard. Levels were correct at time of survey. Any critical dimensions, levels, or details should be verified.
- 5) All easements, covenants, and other legal instruments associated with the site may not be shown on the plan. Investigation of the most current legal instruments and documents should be undertaken prior to design and consenting commencing.
- 6) Existing services shown (unless shown as measured) have been obtained from third party sources and should be verified before commencing any design or construction work. We do not guarantee the accuracy of any services shown on this plan.
- 7) All existing services may not be shown on this plan and location and nature of all existing services should be verified before design or construction work commences.

Boundaries and horizontal coordinates in terms of Mt Pleasant 2000 Circuit.
