MEET OUR **SUPERHERO** TRENT

Trent is the 9 year-old grandson of Loan Officer Leah Stanger. He was recently diagnosed with a very rare form of cancer called Ewing Sacroma. We asked Leah what we could do as a work family to support her and Trent. In true Leah fashion she answered with, "a blood drive to help save more lives".

No parent, grandparent or child should ever have to face this battle. We hope you will join us in showing your support by donating blood on May 13th.

"As a family we sit in awe of how well he takes on each day and the battle ahead. Trent knows his journey will be a long one, but he is so excited and focused on meeting his new baby sister. She has become his "reason" and she doesn't even know it yet. Trent is really one of the strongest kids you could ever meet." - Leah Stanger
