LOTTERY

## ***Sports Club Lottery Raising Millions for Sports Clubs Across Great Britain***

The Sports Club Lottery makes lottery fundraising easy. You can be set up in days, it's fully licensed by the Gambling Commission and with all the administration taken care of, you're able to focus on promoting your lottery, rather than spending countless hours sat at a desk administering it.

With a guaranteed 50% of ticket sales guaranteed from the very first entry, you'll be able to see your profits grow from your very first player.

## Launch your own fundraising lottery with no start-up fee, profit from the very first lottery player and the biggest jackpot allowed - a cool £25,000!

**Sports Club Lottery is comprised of hundreds of individual sports club lotteries where each club has their own individual lottery.**

This means that when a person joins your club's lottery, they are directly supporting your club and their data, is yours to use for other club activity, such as inviting them to club events.

### Subscription Model

Players pay by Direct Debit, so once they join, they play until they actively decide to stop. There's no need to ask them to play each week; once they're in, they're in.

So, if a family member of a six year old joined your lottery, they could conceivably play for over a decade if the child stays with your club through the age groups. This means that lottery revenue can be accurately predicted every month.

## All the administration is taken care of

As your lottery manager, we take care of everything including: managing player accounts and enquiries, managing payments, managing draws and free marketing support.

### No Setup Fees

We don't charge any registration, or setup fees which means you start raising money from the first draw.

We even design a social media post and print a free set of leaflets to promote your lottery with..

## How the lottery works

When a player joins, they are given a six-digit lucky number to be entered into the lottery draw. It costs £1 per entry and every entry has the chance to win cash prizes up to the £25,000 jackpot!

People can join online by visiting the Sports Club Lottery website or directly from your website, or in person by completing a paper registration form which can be posted or emailed back to us..

### Promotion

With all the hard work taken care of, all you need to do is promote your lottery. We'll provide you with bespoke promotional leaflets for your launch and develop a promotional plan with you.

Once you're up and running, our experts will always be on hand to give you professional advice on the most effective ways to promote your lottery.

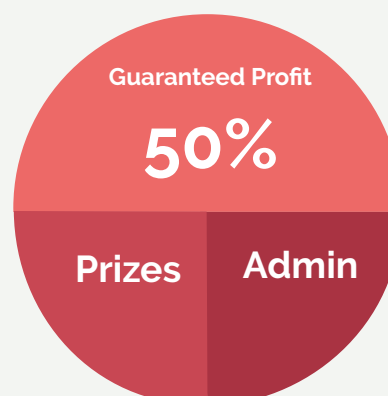

### Your Club's Profit

It's a simple and reliable source of regular income.

For every £1 received from your members, 50p will be paid to your club as guaranteed profit. The rest covers prizes, and all administrative costs.

**Fact: A lottery player's average lifetime is 6-8 years. So, just 500 lottery players could be expected to raise over £100,000 in that period!**

Lottery Entries	Profit per week	Profit per Year	Est. Total Profit
100	£50	£2,600	£20,8000
200	£100	£5,200	£41,600
