

Dashboard

Two screenshots of the dashboard are included: student-view and teacher-view. Teachers see a few more features than students.

Must Have:

- Welcome message
- Your Classes section
 - Teacher-view only
- Your Progress chart
 - Review Lesson and Retry Activity in the Options column are clickable buttons
- Recommended next lesson and recommended next activity buttons
- Lessons section
 - Each lesson has a preview (thumbnail) box and lesson tags
 - There don't have to be exactly nine lesson previews in the redesign
 - Missing from the current design is a link to "More Lessons"
- Requested words sections
 - Currently, this section is only visible after a user has requested a word. It shows pending and completed requests (shown in teacher-view screenshot)
 - Please change this section to always be visible, and contain the information shown below:

Can't find the word you're looking for? Use the form below to request that we add it to our dictionary.

Word to add:

Sample sentence or definition of the word to give us context so we can properly sign your word.

[REQUEST WORD](#)

- My Pages section containing these buttons:
 - Dictionary
 - My Vocabulary
 - Favorites
 - Tips & Grammar
 - Multiple Meanings
 - Lesson List
 - My Lessons
 - Teacher Resources (teacher-view only)

Nice to Have:

There is a lot of white space on the Dashboard that is not used. Maybe we can utilize most of the space here and make it look more organized.
