

Dictionary Page

The dictionary has three different types of sub-pages: main dictionary, dictionary video player, and dictionary search results.

Main Dictionary

Must Have:

- List of clickable words in alphabetical order
- List of letters (A-Z) to click for ease of finding your word
- Search box

Dictionary Video Player

Must Have:

- Add to My Vocabulary button
- Slow video playback button
- Term
- Synonyms
- Variations

Nice to Have:

The video player is currently an overlay that appears when a word is clicked on. If you have a different idea about how the video player should be integrated (ex. Directly into the main dictionary page?) feel free to try that instead.

Dictionary Search Results

Must Have:

- List of clickable words in alphabetical order
 - Words that match the search result are emphasized
- Search box
- Request word section
