

# Lesson Page

Two screenshots of the lesson are included: student-view and teacher-view. Teachers see a few more features than students.

## **Must have:**

- Title of the lesson and its lesson tags
- Links to optional exercises and resources (amount of links varies)
- List of vocabulary words
  - Clicking on each one will play the video player
  - Some words have variations, which are shown using [1] on the current page
- Option to embed the lesson
  - Teacher-view only
- List of activities
  - If completed, shows last attempt date and score

## **Nice to have:**

Every lesson has a thumbnail, as shown in the Dashboard and All Lessons pages. It would be nice for that thumbnail to appear somewhere on the Lesson Page.
