

SMART PATIENT
ENGAGEMENT SOLUTIONS

SMART PATIENT ENGAGEMENT SOLUTIONS

LSP is a caring and consultative long-term hospital partner. The solutions delivered through our **LSPcare** are empowering to healthcare workers, patients, their families and caregivers. In addition to giving the hospital an instant modern facelift, **LSPcare** supports the hospital to:

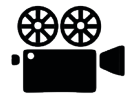

Entertain, Educate & Engage.

FEATURES OF THE LSP POINT-OF-CARE

Free-to-Air Television

VOD Movies

Food ordering

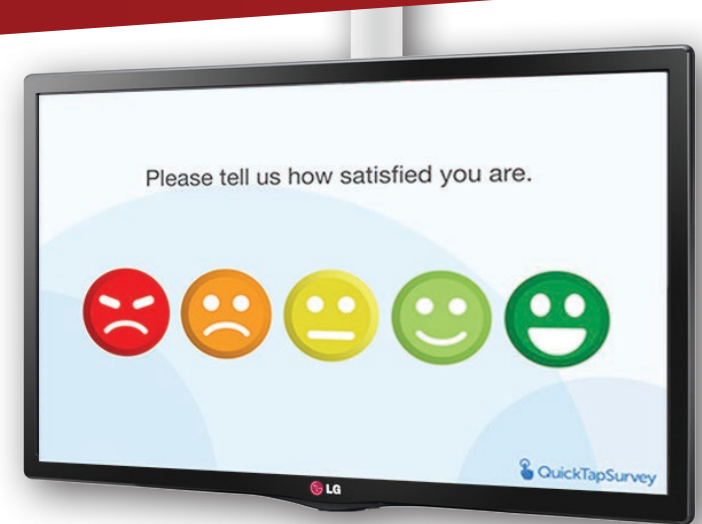

Create your own surveys & quizzes

Hospital Information

Multilingual

Custom GUI

HL7 Integration

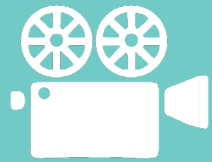

Nurse Call Handset compatible

Web-based compatible content

ENTERTAIN.

ENTERTAINMENT

LSP offers a variety of entertainment options to keep patients happy and engaged throughout their stay. In addition to free TV, patients can enjoy video-on-demand programming, radio, and audio books. A range of payment solutions are available, enabling hospitals to **capture additional revenue** for select entertainment options.

EDUCATE.

PATIENT EDUCATION

IS AN IMPORTANT TASK FOR EVERY HOSPITAL

The **LSPcare** system presents clear and on-time information about medical conditions or the next steps in the treatment process and rehabilitation. Using **LSPcare** allows patients to

view information and get a better understanding of the treatment process and nature of the disease, which makes patients feel **engaged** in their care process.

Educational tools ensure patients understand their care, medications and discharge plans before leaving the hospital, helping **reduce readmission**.

ENGAGE.
