

Refresher (Moisturizer)

Major Actives: Tetrahexyldecyl ascorbate,
Indian Gingseng
CBD, Chicaory root

Ingredient	Function	Feature
Water	<ul style="list-style-type: none"> Solvent which dissolves many of the ingredients that impart skin benefits 	
Cyclopentasiloxane, Dimethicne Crosspolymer	<ul style="list-style-type: none"> Derived from silica, a non-greasy skin protectant and anti-foaming additive. Helps smooth the skin, retain moisture, and give a hydrated appearance. 	<ul style="list-style-type: none"> Rapid skin enhancement
Glycerin	<ul style="list-style-type: none"> Natural humectant(preserves moisture) 	<ul style="list-style-type: none"> Moisturization
Cyclopentasiloxane, Cyclohexasiloxane (silicone)	<ul style="list-style-type: none"> Provides product with a slippery and silky feeling when applied to skin Allows product to spread more easily. 	
Sodium Acrylates Copolymer, Lecithin (sodium salt)	<ul style="list-style-type: none"> Emulsifier that stabilizes and adjusts the viscosity of emulsion.s Provides a cooling effect. 	<ul style="list-style-type: none"> Moisturization Cooling
***Raw materials listed below this point are 1% or less of the formula.		
Phenoxyethanol	<ul style="list-style-type: none"> Preservative against bacterial contamination. 	
Cichorium Intybus (Chicory) Root Oligosaccharides, Water, Glycerin, Caesalpinia Spinosa (tara seed) Gum	<ul style="list-style-type: none"> Proprietary active ingredient with a marked lifting and tightening effect. Combines its lifting action with anti-aging activity as it increases collagen synthesis, so there is a dual action of immediate improvement in skin appearance and anti-aging treatment in the longer term. 	<ul style="list-style-type: none"> Anti-aging Rapid skin enhancement Pollution protection
Ricinus Communis (Castor) Seed Oil	<ul style="list-style-type: none"> Contains essential fatty acids that help restore the 	<ul style="list-style-type: none"> Anti-inflammatory Anti-aging

	<p>skin's natural moisture balance and prevents acne.</p> <ul style="list-style-type: none"> • For wrinkles, it penetrates into the skin and boosts the production of collagen which softens and hydrates the skin. • Rejuvenates the skin by making it softer and smoother. • Relieves dry and patchy skin. • Acts as a natural humectant locking moisture in the skin in the winter season and shields skin from dust and dry heat. 	<ul style="list-style-type: none"> • Moisturization
Mica, Titanium Dioxide	<ul style="list-style-type: none"> • <u>Mica</u> gives skin an opalescent effect, healthy appearance, and hides fine lines. • Covering mica in titanium dioxide allows mica to reflect harmful rays. • <u>Titanium dioxide</u> protects skin from UVA and UVB radiation and is considered no risk of skin sensitivity. • Hides imperfections, like pesky dark circles, age spots, and acne. 	<ul style="list-style-type: none"> • Harmful ray reduction • Anti-aging • Rapid skin enhancement
Tetrahexyldecyl Ascorbate (Vitamin C)	<ul style="list-style-type: none"> • Makes sun damage and surface pigment spots less visible and brightens a dull, blotchy skin. • It is a powerful antioxidant that protects the skin from irritation, inflammation and environmental pollution. • Improves the skin's natural healing process and reduces blotches • Provides protection from UV rays 	<ul style="list-style-type: none"> • Harmful ray reduction • Rapid Skin enhancement • Anti-aging • Pollution protection

Menthyl Lactate (vegan)	<ul style="list-style-type: none"> Provides a natural, pleasant, and long-lasting freshness and cooling effect to the skin. 	<ul style="list-style-type: none"> Cooling
<u>Glycerin, Water, Withania somnifera Root (Indian Ginseng) Extract</u>	<ul style="list-style-type: none"> Protects skin cells from screen-emitted artificial visible light. Strongly reinforced, skin is visibly revived and signs of fatigue disappear in favor of healthy glow. 	<ul style="list-style-type: none"> Harmful ray reduction Rapid skin enhancement
Eucalyptus Globulus (Eucalypt) Oil	<ul style="list-style-type: none"> Increases ceramide production to keep skin moisturized, reduce inflammation, and prevent UVB-induced collagen degradation. Cineole (eucalyptol) has anti-inflammatory, antimicrobial, and analgesic properties. 	<ul style="list-style-type: none"> Anti-inflammation Cleansing
Caramel	Natural colorant.	
Hemp Oil (CBD)	<ul style="list-style-type: none"> Anti-inflammatory and can adjust the output of oils in the skin and inhibit skin cells' lipid production, making it effective for preventing acne. Substantial skin-calming effects help reduce symptoms of skin sensitivity like redness and reactivity. Antioxidants counteract free-radical damage and reduce inflammation, visibly diminishing issues like wrinkles, skin dullness, and ruddy skin tone. 	<ul style="list-style-type: none"> Anti-inflammatory Anti-aging Rapid Skin enhancement

Resetter List (cleanser/shaving cream)

Ingredient	Function	Category
Water	<ul style="list-style-type: none"> Solvent which dissolves many of the ingredients that impart skin benefits 	
Caprylic/Capric Triglyceride (coconut oil with glycerin)	<ul style="list-style-type: none"> Creates a barrier on the skin's surface, which helps to reduce skin dryness by decreasing the loss of moisture. Full of antioxidants that help preserve skin 	<ul style="list-style-type: none"> Moisturization Anti-aging
Behenyl Alcohol	<ul style="list-style-type: none"> Thickener and emulsifier, which improves consistency and enables an even distribution of topical skincare benefits After application, it forms a protective layer on the skin that helps to prevent moisture loss. 	<ul style="list-style-type: none"> Moisturization
Sodium Lauroyl Methyl Isethionate	<ul style="list-style-type: none"> Water soluble, sulfate-free, coconut derived surfactant A very mild cleansing agent with a dense and luxurious foam and an elegant after feel 	<ul style="list-style-type: none"> Cleansing
Glycerin (vegan)	<ul style="list-style-type: none"> Palm oil-derived, natural humectant (preserves moisture) 	<ul style="list-style-type: none"> Moisturization
Quillaja Saponaria (Soap) Bark Extract	<ul style="list-style-type: none"> Natural foam enhancer and possess skin calming and dermo-purifying properties Contains saponins, which have cleansing and water-binding properties for skin. 	<ul style="list-style-type: none"> Cleansing
Sodium Methyl Cocoyl Taurate	<ul style="list-style-type: none"> Derived from coconut and a salt of coconut fatty acid Acts a surfactant that allows water and oil to mix, allowing things to become clean. It also acts as a foaming agent 	<ul style="list-style-type: none"> Cleansing

Linoleic acid (Sunflower Seed Oil)	<ul style="list-style-type: none"> • Helps maintain the skin's natural barrier, supporting its ability to retain moisture, fend off pollution and UV rays. • Anti-inflammatory effect when used topically 	<ul style="list-style-type: none"> • Anti-inflammation • Harmful ray reduction • Pollution protection
Hydroxyacetophenone (berry extract)	<ul style="list-style-type: none"> • Synthetic antioxidant and skin-conditioning ingredient. • Its secondary benefit is boosting the preservation system, reducing the need for preservatives. 	<ul style="list-style-type: none"> • Anti-aging
Disodium Cocoyl Glutamate	<ul style="list-style-type: none"> • Coconut-derived mild surfactant with very good detergency and foaming power. • Suited for cleansing sensitive skin. 	<ul style="list-style-type: none"> • Cleansing
Rosa Canina Fruit (Rosehip) Oil	<ul style="list-style-type: none"> • Emollient plant oil that has antioxidant properties and is a rich source of skin-beneficial fatty acids. • Antioxidative, anti-inflammatory and skin moisturizing properties provide protection from environmentally induced oxidative stress. 	<ul style="list-style-type: none"> • Anti-inflammation • Anti-aging • Moisturization • Pollution protection
Decyl Glucoside	<ul style="list-style-type: none"> • Coconut oil and glucose-derived surfactant. • Has potent foaming power and ability to retain skin moisture. • Less irritating to the skin than other surfactants and thus suitable for sensitive skin. Moisturize the skin and prevent inflammation and itchiness. 	<ul style="list-style-type: none"> • Cleansing • Moisturization • Anti-inflammation
Cetyl Hydroxyethylcellulose	<ul style="list-style-type: none"> • Cellulose-derived thickener and stabilizing agent. • Helps retain moisture levels on the skin and reduces tackiness. 	
Eucalyptus Globulus Leaf Oil	<ul style="list-style-type: none"> • Increases ceramide production to keep skin moisturized, reduce 	<ul style="list-style-type: none"> • Anti-inflammation • Cleansing

	inflammation, and prevent UVB-induced collagen degradation <ul style="list-style-type: none"> • Cineole (eucalyptol) has anti-inflammatory, antimicrobial, and analgesic properties, 	
1,2-Hexandiol	<ul style="list-style-type: none"> • Hygroscopic capabilities deeply hydrate the skin and provide long term moisture. • Emollient properties soften and soothe the skin by creating a protective moisturizing film. 	
Caprylyl Glycol	<ul style="list-style-type: none"> • Coconut oil-derived antimicrobial, with preservative-like properties • Improves the spreadability and ultimately the feel of the product 	
Citric Acid	<ul style="list-style-type: none"> • Natural pH adjuster • Rids skin of dead cells, promoting exfoliation. • Helps to unclog pores. • Targets the skin's hydrating support matrix to reduce the appearance of fine lines and wrinkles. 	<ul style="list-style-type: none"> • Exfoliator • Anti-aging
Guar Hydroxypropyltrimonium Chloride (guar gum)	<ul style="list-style-type: none"> • Water-soluble derivative of natural guar gum, functions as a conditioning agent for skin and helps deposit active ingredients 	
Sorbitan Laurate (sorbitol)	<ul style="list-style-type: none"> • Naturally-derived cleanser agent and emulsifier 	<ul style="list-style-type: none"> • Cleanser
Sodium Cocoyl Glutamate	<ul style="list-style-type: none"> • Cleansing agent derived from coconut oil. • Protects the skin from drying and retains the moisture content. 	<ul style="list-style-type: none"> • Moisturization • Cleansing

Long Lead Time Raw Materials

Note: The following raw materials have quoted lead times in excess of 5 weeks

Ingredient	Lead time
Lecigel	2-9 Weeks
Matrixyl 3000	2-6 Weeks
Ashwagandha Root in Glycerin	4-6 Weeks
