

A4+ Size 7 Inch HD IPS Video Brochure with Pocket for booklet

To ensure a high quality video brochure is delivered, it is important to check that your artwork conforms to the following design requirements:

- ☐ Artwork must be created using the supplied design template (dieline)

☐ Ensure all text is kept minimum 8mm away from trim

☐ Include bleed as indicated

☐ Convert your text to paths, curves, or outlines
- ☐ Nominate all colours as CMYK or Pantones (PMS)

☐ Artwork to be created at 100% actual size

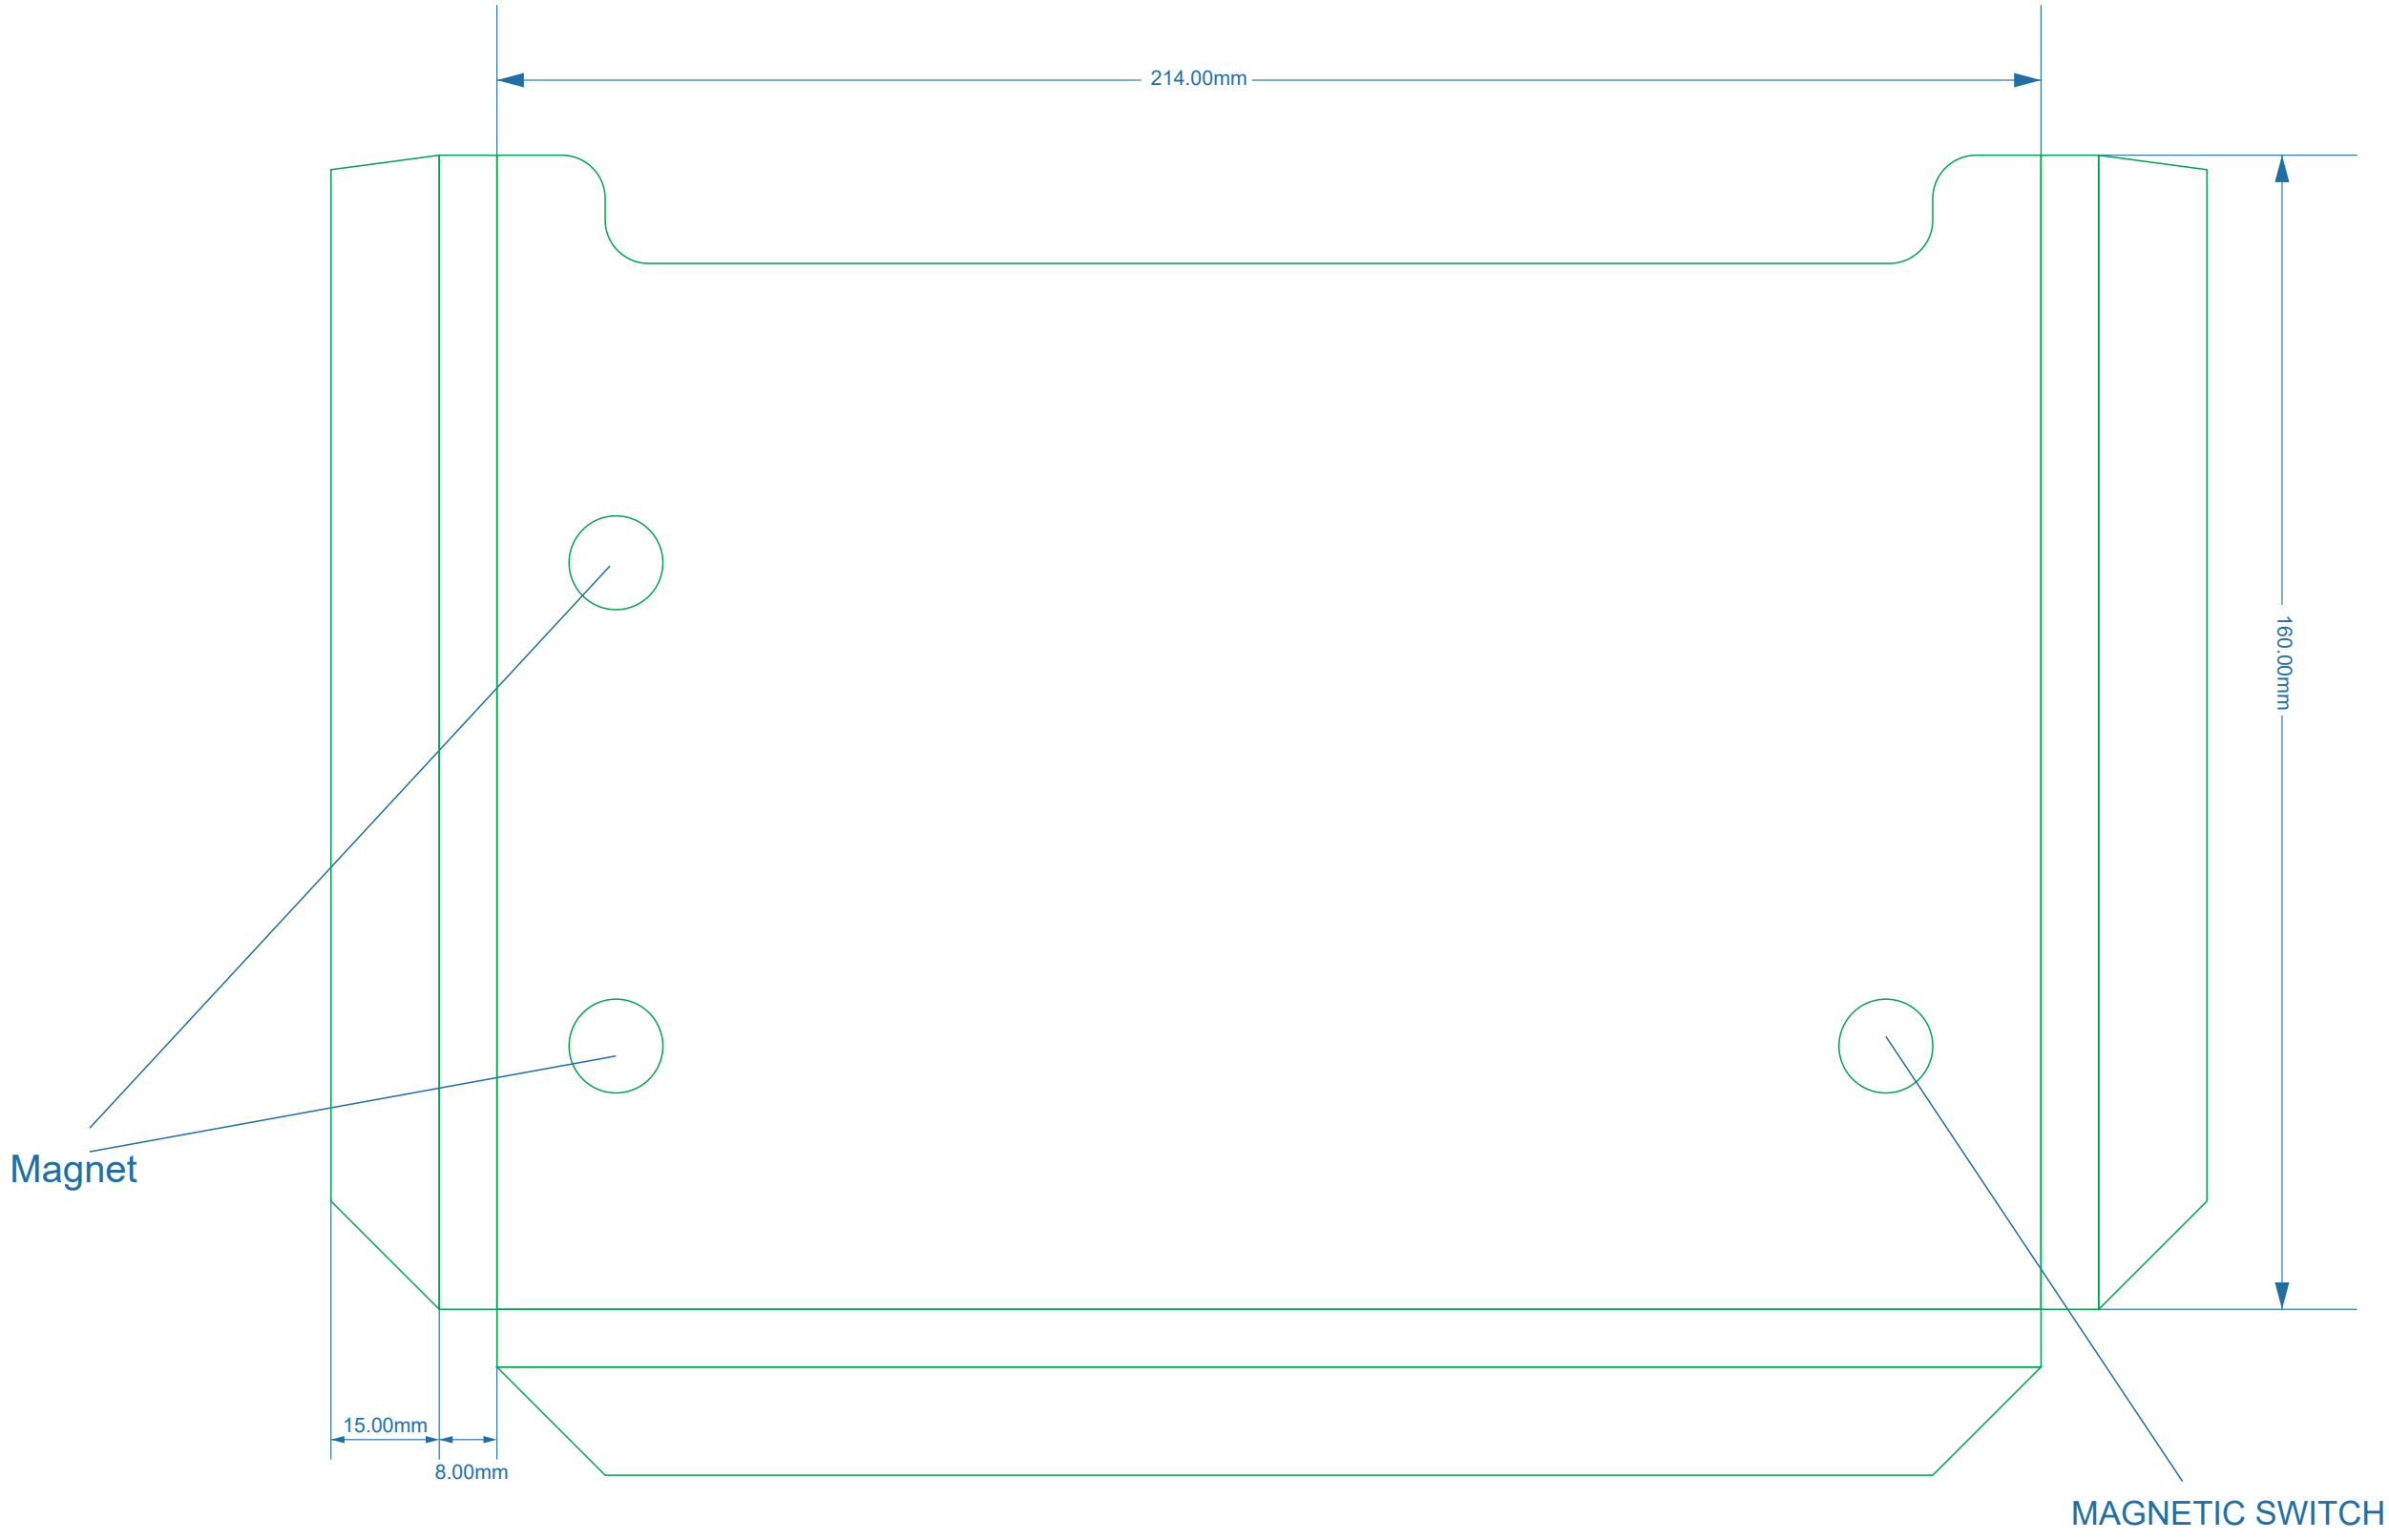

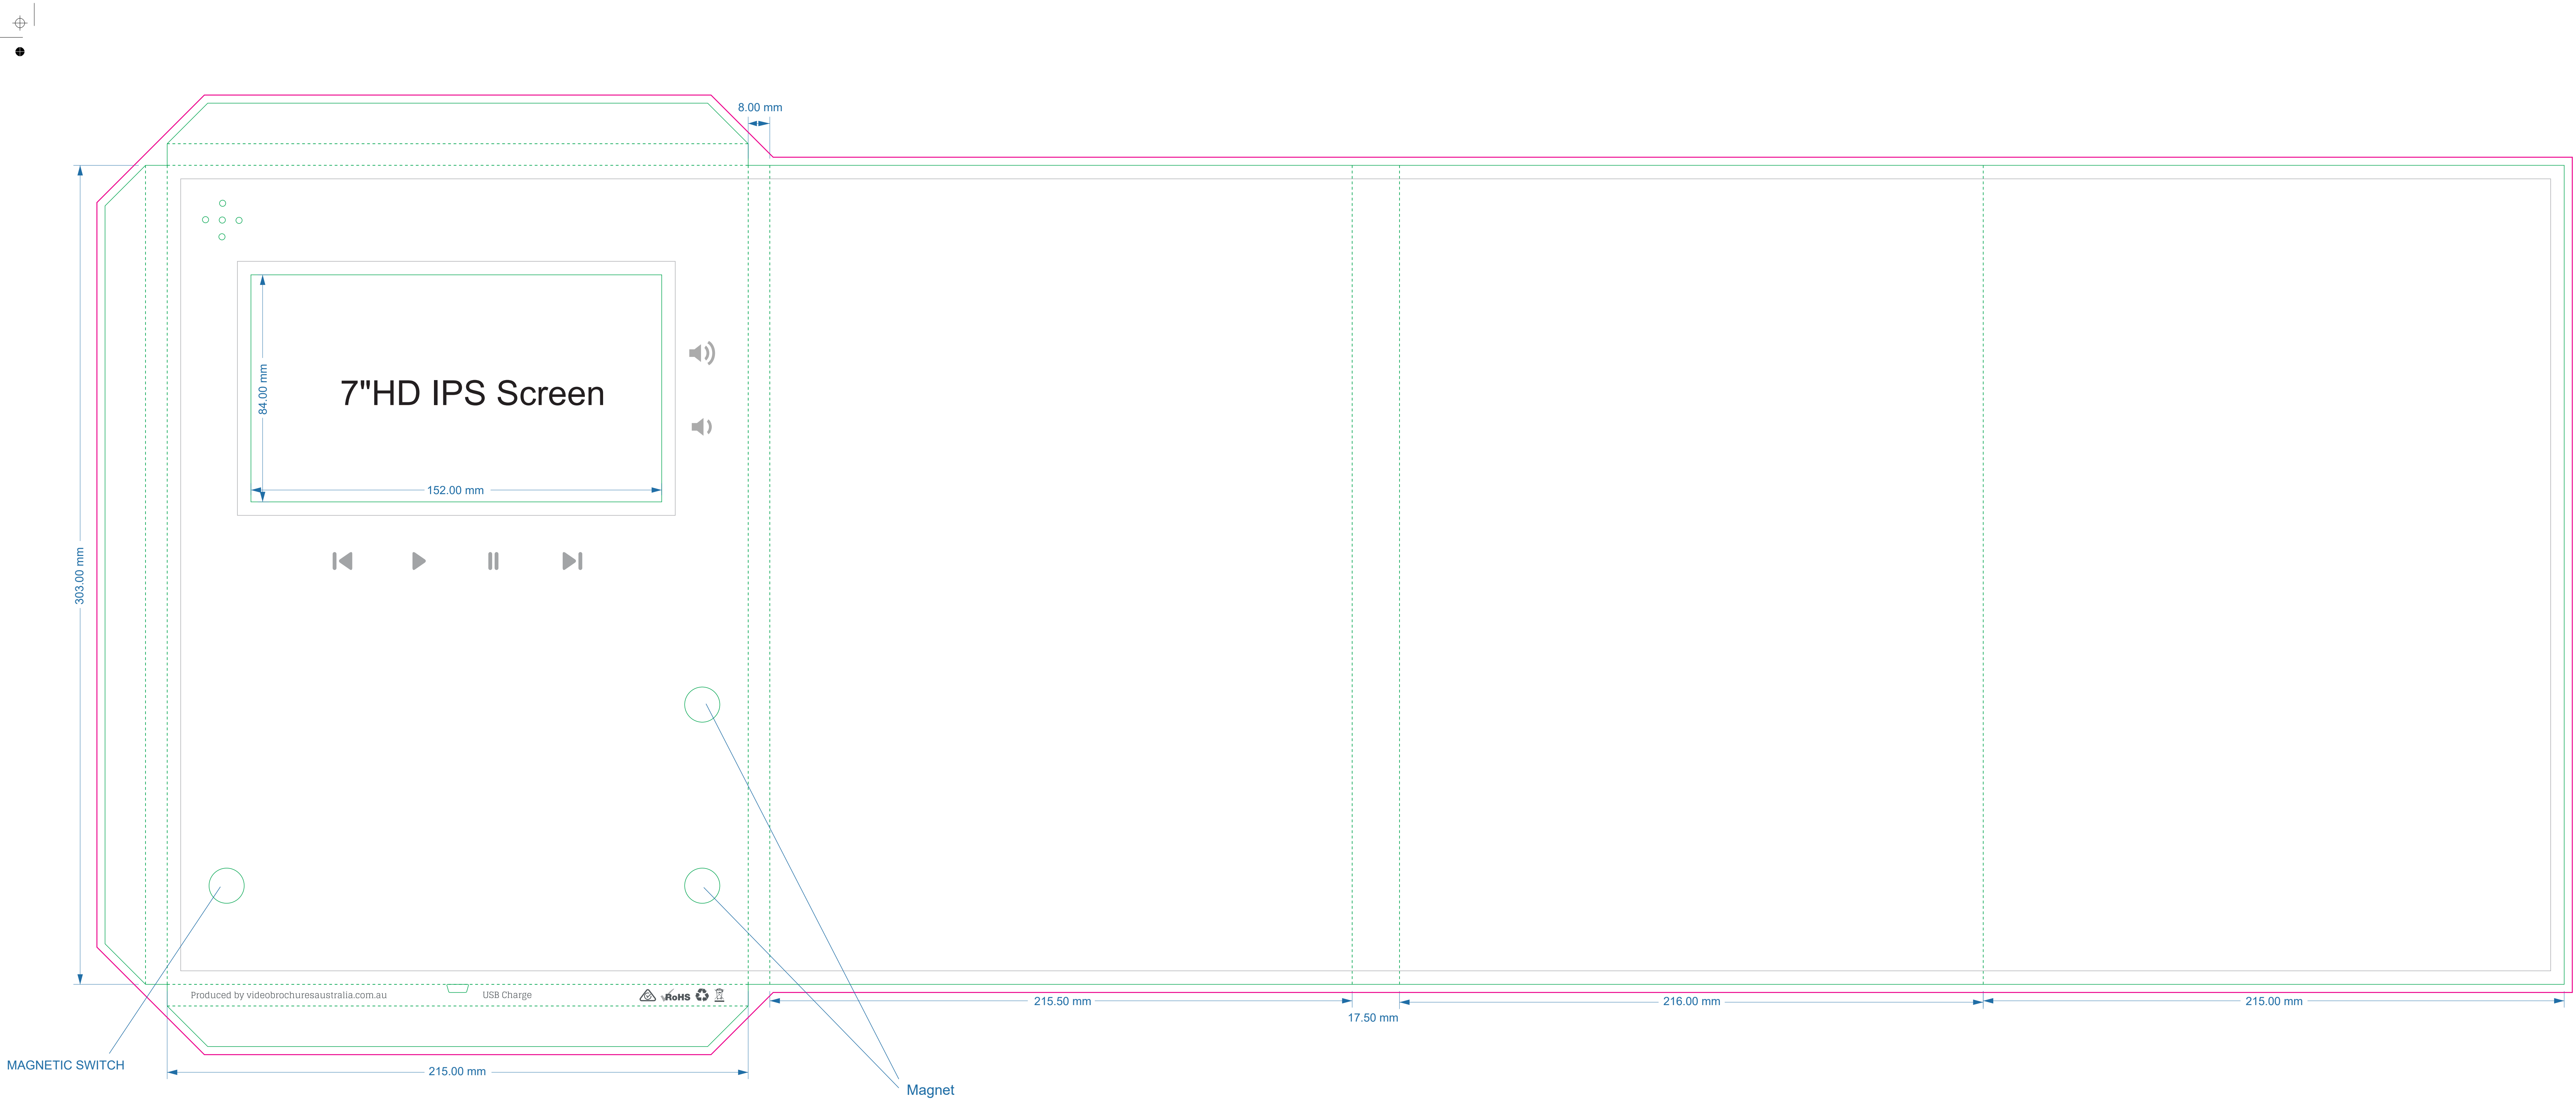

☐ Ensure all images are 300dpi

☐ Supply final artwork as PRINT READY PDF

- BLEED
- TRIM
- SAFE AREA

Button quantity, selection and placement is only a guide. Refer to our Design & Spec Guide for more options.
Button placement – ensure buttons are not placed within 15mm of the page extent, screen, speaker, and other buttons.
