We're a team of founders and seasoned professionals

Helping Ambitious Entrepreneurs Start and Build Great Companies.

Palsar Ventures is an early-stage fund with expertise in data, digital marketing, and technology. In collaboration with Tel Aviv University, we are dedicated to helping founders in the early stages of their journey.

About page:

We are a team of founders and seasoned professionals who have taken the entrepreneurial journey ourselves in starting and building successful companies. Now as investors, we are excited to help future entrepreneurs succeed and win.

Our focus is on helping pre-seed and seed startups launch and scale their companies. We believe in investing in ambitious entrepreneurs and using our expertise in helping them launch and scale successful products and services.

We are delighted to work with tomorrow's innovators and help them achieve their entrepreneurial vision.
