## VERSATILITY & PERFORMANCE

## BEST IN CLASS DISPLAY

The Element He10-W+ has a 10.1 inch full HD IPS P-CAP multi touch, touchscreen with G+FF full-laminated process, 16:10 aspect ratio and 1920 x 1200 resolution delivers amazing colours for best viewing experience.

The touch tablet incorporates Intel 9thGen UHD Graphics 600, Clock: 250Mhz (Boost 750Mhz). Write and draw naturally, sketch and shade with precision with 1,024 pressure points that respond to the lightest touch.

## LIGHT, FULL METAL UNIBODY CHASSIS

A full metal unibody design gives He10-W+ the weight of only 522g and thinness to only 8.8mm. Delicate CNC and anodic sandblast oxidation processes provides extra premium texture.

The He10-W+ features dual USB Type-C ports, one for legacy 12V charging and another for PD2.0, both support data transferring, easy and fast.

## ULTRA FAST CONNECTION WITH DUAL-BAND WI-FI

He10-W+ supports Bluetooth and 802.11ac dual band WiFi with stable 2.4G and high speed 5Ghz.

## BUILT TO LAST ALL DAY LONG

With 260 hours standby time and 6-8 hours of comprehensive usage, the use of LV processor and low power DDR4 RAM combined with large capacity Li-Po battery, the He10-W+ can easily last a whole day working in your retail or hospitality environment.
