

Our Story

Paws Gourmet Bakery was acquired by a couple in Seabeck, WA in 2017 (originally founded in 2004) and who also own and operate two independent pet health food stores. Our mission is to be the healthiest pet bakery in the U.S.A.

Our recipes are clean and simple with no corn, wheat, soy, sweeteners, genetically modified ingredients, or artificial preservatives. Our treats are hand crafted using only the highest quality human grade ingredients, which are sourced as locally as possible in the Pacific Northwest.

We focus on the environment and this package reflects our commitment to reducing our carbon pawprint. We hope that your furry friend enjoys our hand-crafted treats as much as we enjoy making them.
