

**Potential buyers
are getting pushed
out of the market as
interest rates rise**

Buying a home now costs **\$569 more
a month*** than it did last year⁴

43% 
increase

*Reflects principal and interest on a typical mortgage payment

**As demand declines, home prices
should start to decelerate**

CoreLogic
predicts home-price
growth will decelerate to

5.6%
by next April¹
