Why use Orthotic & Prosthetic Lab?

- **First-class patient care** - Our Facility is accredited by the American Board for Certification in Prosthetics and Orthotics. We have met rigid standards that put patient needs and safety first.
- **High-end technology** - We are always current on the latest socket and component technology
- **Local Fabrication Facility** - Our fabrication and assembly happens right here in St. Louis.
- **Experience** - 78 years of combined technical & practitioner experience
- **Fast turnaround** - Same week check sockets, complete definitive prosthesis in 30 days (pending insurance authorizations)
- **A firm belief in teamwork**- We love to work with the patient, rehabilitative staff and physicians to achieve the patient's goals.

All of these combined allow us to provide the best possible patient outcome
