MEASUREMENTS ARE CALCULATED  
FROM LONGEST POINT  
TO LONGEST POINT

ALL PMS COLORS ARE PANTONE SOLID COATED. UNLESS SPECIFIED, SMALL DETAILS MAY NOT SHOW AS WELL WHEN PRODUCED. TO SHOW METALLIC REFLECTION, SOME METAL AREAS MAY APPEAR SLIGHTLY WHITE IN COLOR.

NOTE: It is your responsibility to carefully inspect this proof for errors and/or omissions in spelling, design or color. Once approved, client accepts responsibility for content and copy. Colors as shown are approximate and will differ on each computer monitor. If you require an exact match please provide the PANTONE color number or an actual color swatch. The only way to completely verify any color is to compare with a PMS solid coated swatch book and email us any color corrections. If you do not have access to a PMS solid coated swatch book, please try visiting a local printer (such as Kinko's) and ask. We will match as close as possible but cannot guarantee an exact match for every PMS color. Measurement is calculated from longest point to longest point. Artwork may have to be changed due to production limitations.
