The patient assistance fund DOES NOT cover costs of medications, HOWEVER, HUG works with various patient assistance programs to bring the cost of medications down to little to no cost for our patients.

**If accepted into the patient assistance fund, your insurance may still be billed but Healthcare Unity Group Inc will not bill you.**

By signing this document you attest that you meet the income requirements for the HUG Patient Assistance fund. If you choose not to apply, you may be billed for any out of pocket expenses that you may be responsible for.
