

Player database:

Player is registered for access to the website.

The player will have:

- First Name
- Last Name
- Date of Birth
- Team

....up to 3 emails associated with that player. BUT the emails can be associated with other players or other coaches and managers too. This is because that player may have siblings so the parents may want their email addresses associated with more than one player.

Once they are registered in the system that player is allocated to a team. The player may not be allocated to a team for a while so the team allocation is not mandatory.

There is a standard database of teams and we select a drop down to associate a team with that player.

Next year that player will be associated with a new team, or if they finish at the school that player will become "inactive".

We need to be able to login and have an easy way of pulling up all the registered players to allocate their teams at the beginning of the season. We then want to be able to sort players to view "just one team" or just one age group – for example everyone born in 2011.

The database will need to be able to be exported to excel.

The player (and associated email addresses) will have access to their team page. If emails are associated with other players, they will have access to those other team pages too. Example, my email address is associated with my two sons. One is U 10 Sky Team and one is U13 Royal team. When I log in using my email address, I have access to these two pages.

Once you go in to your My Team Link for your boy..... it would be amazing if that team page was password protected. This way we could share lots of private information to build community (particularly parent names and contact numbers so you get to know parents on the sideline, can arrange lifts, playdates etc). Once this page is built it should take managers 10 mins a week (max!) to update. (Ignore ugly presentation of content below!)

Under 10 Sky

This week's Info:

Free text box where coaches and managers can write a para on anything to the group... weekly comms should always go here so group is forced back to a single source for all the team info

Training Time & Location:

3.45pm – 5pm Wednesdays, Marist Oval [click here for details](#)

(link will talk about what to wear, bring, the boys are escorted down, where to park – think like a new parent etc)

Game Time & Location:

8.10am Marist Oval 1

This Week's Family allocation:

Fox family on oranges

IMPORTANT: To ensure our boys have a great season, it is critical that families honour their rostered time slot. If you are unable to make your allocated time, it is YOUR responsibility to arrange cover.

Volunteer Roster:

Smith and Swift families on duty

building and remodelling

Anyone logged in to the system will have access to the volunteers page:

2023 VOLUNTEER ROSTER

In fairness to all our volunteers, prompt arrival is critical please. Your shift will last approximately 60 to 90 minutes [Click here](#) for a description of the tasks involved for your allocation.

WEEK 6 Saturday 14 May (This grid gets deleted after this week is over and the next grid moves up)

Team	Families of these players are on duty	Location	Arrival Time
Under 10 Sky	Luca Hill Eamon Moore	Marist Canteen	8.00am
Under 10 Royal	Billy Bloggs Ginger Meggs	BBQ	8.00am
Under 11 Sky	etc		

WEEK 7 Saturday 22 May

Team	Families of these players are on duty	Location	Arrival Time
Under 10 Sky	Luca Hill Eamon Moore	Marist Canteen	8.00am
Under 10 Royal	Billy Bloggs Ginger Meggs	BBQ	8.00am
Under 11 Sky	etc		

Thank you to our proud Marist Rugby Sponsor:

We want to be able to easily send communications to registered users either as a whole or in selected groups based on team, year of birth, group of teams...

We also need to have a Coaches and Managers user group.

This user group will have:

- First Name
- Last Name
- Email address (that may be associated with players)
- Job Title (select from a drop down) – coach, manager, touch judge etc.
- WWVP Card # (this is an optional field, the school will monitor)
- WWVP Expiry Date
- Team (how do we manage it if a user is a manager for one team and a coach for another team)

These users will have access to the associated team page/s and the volunteers page as above.

These users will have the power to edit the parts highlighted on the team page. And ALL associated users to that team page can upload photos.

TEAM ALBUM

We want to see your great shots! If you have a fabulous photo from the weekend, please upload here.

We then need a Rugby Admin User. These users have access to see all of the pages on the system, but can only edit the pages where a team has been allocated to them.

Then Super Admin user can edit anything.
