

POSTCARD PROOF

GREAT NEWS!

Your postcard proof is ready for viewing. Included is the low-resolution copy so we can easily share via email. The print version will be of the highest available quality.

If changes are needed - note your concerns in a reply email. Be as specific as possible to streamline the revision process (messaging, image, contact info, offers, call to action, etc.).

If no changes are needed - simply say you approve in your reply email. This will give us permission to finalize your campaign details and move forward to next steps.
