Approval

As part of our quality control procedure, we enclose plain sample/s for your approval. This is a final check of profile, material and your products fit before we proceed with your order.

If approved, please sign the slip below and return to us by fax, e-mail or post. If amendments are required, please contact internal sales.

Please note:

- The quality of the creases, perforations, scores and gluing on this sample/s may not be as high as in production
- Until we receive confirmation of sample approval or a Purchase Order with the relevant CAD reference quoted, we cannot carry out any further operations.
