

Unitized Solutions

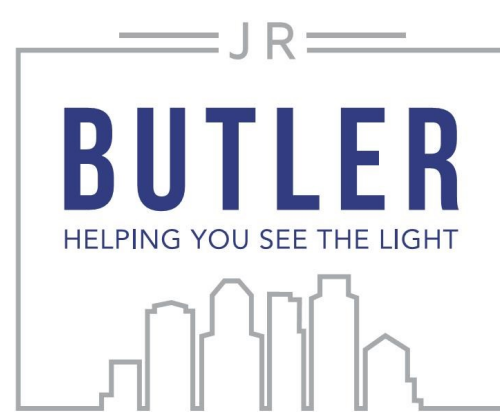

- ♦ Curtain Wall
- ♦ Window Wall
- ♦ Ribbon Window
- ♦ Storefront

Unitized products can be installed in one third of the time with one third of the installers versus traditional stick products.

- Enclose a building faster allowing other trades to start earlier
- Less installers required
- Manufacturing done in a controlled environment
- Standard work and quality control inspections

Unitized Curtain Wall

Designed by installers for
Installers with quality and
efficient Installation. Com-
plete up to 40 panels a day
with one installation team.

- Industry leading 2 1/2" overall adjustment for out of tolerance structures
- Alignment pins allow for 1/4" forgiveness to engage units
- Trim clips and anchors are attached
- Shipped on metal racks or wood crates

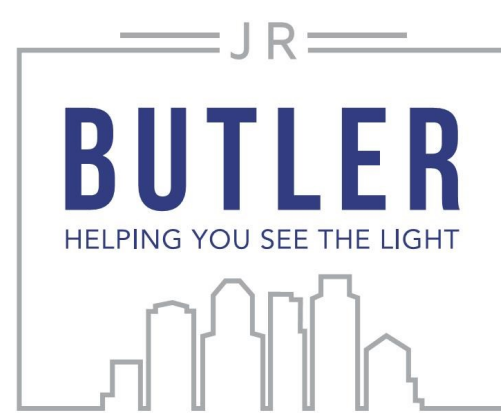

JP Morgan Chase Plano Texas

Domain 12 Austin Texas
