

WHDA, LLP

The firm is celebrating their 20th anniversary. Would like to see something like a banner with a notation of this. Also make that graphic removable as the firm will probably only keep that up for this year.

Please see current live site - <https://www.whda.com>

Do not use any regular law firm images court room, court steps gavel NO ON THESE

The firm is an IP or Patent Law Firm, look should be cutting edge. They are looking for a tech feel high end look.

In the middle of the home page they are going to once again have some type of video like they do now.

Logo is uploaded as an EPS

Color Scheme, they are staying with the gold and blue they currently have but they want the blue to be more like an ocean blue. More impactful. The firm wants to stress that they work in technology.

Sites that they like

<https://www.wenderoth.com/people/amy-e-schmid/> - they like how the bio is blended into the page it also has impactful colors, the photo also stays while scrolling

<https://www.xsensus.com/people/> - like how the attorneys are listed but they don't like the basic white background

Deliverables

A home page design

A secondary page design for the attorneys see Wenderoth

Some type of image saying something about their 20th anniversary generally firms use a ribbon something more creative would be appreciated
