

We believe that
good things take time.

That's why Kylie, our owner and creator,
has spent over 10 years quietly perfecting
her range of skin care, soaps and candles.

Each product is made in Tasmania from
raw ingredients that aren't just good
for you and your skin, they're also good
for the environment.

Richmond Botanicals Co. products can be purchased online,
in-store or at Salamanca Market site 81.
