

ASSISTING GPs

Next Generation Second Opinion Medicine is assisting GPs and their Workcover and MVA patients through fast and easy specialist support.

Providing a clinical opinion on:

- **DIAGNOSIS**
- **TREATMENT**
- **WORK CAPACITY**
- **PROGNOSIS**

GPs will receive a 1-2 page clinical summary and a phone call to discuss recommendations. This is not a medico-legal opinion. GPs retain clinical management of their patient, while arrangements can be made for patients who wish ongoing treatment with the Specialist.

**WE LOOK
FORWARD TO
SUPPORTING YOU
TO PROVIDE THE
BEST OUTCOMES
FOR YOUR
INJURED
PATIENTS**

**DEDICATED TO
YOUR FUTURE**

**Second
Opinion
Medicine**
