3

Market your brand

Get your brand in front of a new audience in a unique and memorable way.

When designing our parental leave boxes for all our future parents, we were on the look-out for a New Zealand company that wore their purpose on their sleeve.

Little Koha provided us with fast, effective and creative ideas to find the best solution for our people. Nothing has been too hard for Little Koha to deliver, and a year later, we can confidently say we are hooked! Our people love their gift box boxes.
