### **Why List on Lendus?**

Lendus is local startup in Ontario started by a small team that cares about your business. We are proud of the platform we built and look forward to working with individuals and local businesses to grow their businesses online! Lendus is a rental marketplace built to empower Lessors by making it simple and secure for you to rent out your equipment and get the exposure you need! In doing so we help you payoff your assets and help justify buying the equipment you may not have been able to own.

### **Features:**

1. **User-Friendly Platform:** Easily list your products and manage your rental bookings.
2. **Payment Processing:** Secure payment system to simplify payment and remittance of deposits
3. **Security:** User Identity Verification rating system to identify reliable customers and businesses
4. **Management Tools:** Such as digitally signed contracts and booking scheduler
5. **Customer Reach:** Gain instant access to a network of customers seeking rentals.

6. **Support:** We're local and we want you to succeed, we will support you when you need it!
