

Design Brief for Logo Design

Business name: Sugar Rush Cookie Co.

Logo Shape

Circular Shape Like A Cookie

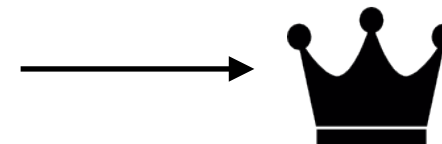

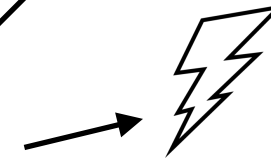

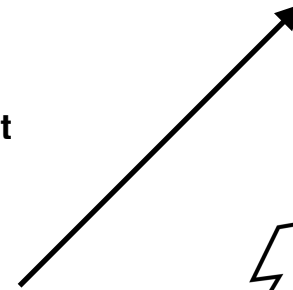

Design Inspiration

Sugar Rush... A zing or high you get from eating sugar. An image that reflects that but also, making cookies is a calming experience, and I want a soothing vibe.

Elements and Backstory

Our oldest son's name, Raiden, means God of Thunder and Lighting..
we would like to incorporate the lightning bolts (or thin zig zag line like a lightning bolt), possibly surrounding the text as shown in my drawing.
We would also like to incorporate our youngest son, Declan's, name meaning..
(full of goodness, man of prayer, St. Declan's mythology)...possibly a crown?

We like the look of the neon lightning bolt

COLOR PALLETTE

We like the pinks, purples, and blues in pastel colors. We are open to all color suggestions and combinations.
