

Our Mission

The Foundation is organized and operated exclusively to raise money and awareness for (i) sick and/ or disabled individuals in need of financial assistance for medical treatment and/or quality of life enhancements. The Texas Pulmonary Foundation goals are to assist patients with unmet medical and related expenses due to organ transplant or other chronic respiratory diseases, improve the access to and quality of care offered to cardiopulmonary recipients, and reduce the burden of lung disease on individuals and their families.

The vision statement guiding these goals and strategies is as follows:

The Texas Pulmonary Foundation goals are to assist patients with unmet medical and related expenses due to organ transplant or other chronic respiratory diseases, improve the access to and quality of care offered to cardiopulmonary recipients, and reduce the burden of lung disease on individuals and their families.

Our Strategic Imperatives:

- Assist patients unable to cover medical related expenses when insurance and other financial resources have been exhausted.
- Assist patients unable to cover medical related expenses due to an organ transplant. (i.e. Lung Transplant)
- Improve treatment access by expanding Cardiopulmonary facilities and providing transportation to individuals in need.
- Ensure that patients receive the highest quality of care with state of the art equipment and treatment techniques.
- Partner with individuals and affiliates in the community to reduce the burden of lung disease on individuals and families.
