

Postal Link

The store Postal Link will be providing shipping services with carries like UPS, FedEx, DHL, and USPS. Also, the store will be providing services like Notary, Printing, Scanning, Mailbox, Passports, Faxing, etc...

We are looking for a logo with the Postal Link name which will compliments logos included. The colors should be similar but not the same as these major brand names. We would like the name Postal Link to be all one color but I am open to suggestions.

Some ideas of the logo could be a box design, link symbol, an arrow or forward design.
