

The steps a small business owner takes to sign up for our services

Step 1: Review Templates

1. Visit the Hawkyard Digital website at "hawkyarddigital.com."
2. On the homepage, you will find a section labeled "Templates." Click on this section to explore our selection of website templates.
3. Browse through the available templates to find the one that best suits your business needs and style preferences.
4. Click on your chosen template to view more details. You can examine the template's layout, design elements, and overall appearance.
5. Take your time to review multiple templates if needed until you find the perfect match for your business.

Step 2: Sign Up for a Plan

1. Once you've selected a template, return to the homepage of "hawkyarddigital.com."
2. Locate the "Sign Up" or "Get Started" button, often prominently displayed. Click on this button to initiate the sign-up process.
3. You will be directed to a page where you can choose a suitable pricing plan for your business. Carefully review the plan options and select the one that aligns with your requirements and budget.
4. Follow the on-screen prompts to create your account. You'll need to provide essential information such as your name, email address, and password.
5. After creating your account, you may be asked to confirm your email address by clicking on a verification link sent to your inbox.

Step 3: Upload Logo and Brand Colors

1. Once your account is confirmed, log in to your Hawkyard Digital account.
2. In your account dashboard, navigate to the "Customization" or "Design" section, depending on the platform's layout.
3. In this section, you will find options to upload your business logo. Click on the designated area to upload your logo image from your computer.
4. Additionally, you will have the opportunity to select your brand's primary and secondary colors. Use color pickers or input specific color codes to ensure your website aligns with your branding.

Step 4: Provide Examples and Description

1. In the same customization or design section of your account dashboard, you'll find options to add content to your website.
2. Add descriptive text about your business, its services, and any other relevant information. You can type or paste this information into text boxes or editors provided.
3. To provide examples or images, use the image upload feature within the customization section. You can upload images that showcase your products, services, or previous work.
4. Ensure you save your changes and preview your website to confirm that everything appears as desired.
