

Our Logo

This is our logo.

I only have a version with “Injury and Accident Lawyers” below it. Can you remove this please, and see the next slide for how that text should be added (larger).

Our old logo had red and blue, which is nice. You can do two toned if you'd like.

This is a very very rough draft. Provided so you can see scale. Please don't let the simplicity of this design make you feel limited!
