

All Home Caring Services

Home Care Package Price Guide

All Home Caring Services gives you the flexibility to choose the services that will best suit your needs and support your independence in your own home.

You'll be selecting the home care services to assist you live the way you want, and stay in control of your own care.

What funding options are available?

Your home care services can be partly or fully funded by the government, through a Home Care Package (HCP), which you can apply for on the My Aged Care Website.

We're an approved HCP provider, so we're here for you, every step of the way.

What happens after I've been given a Home Care Package?

Once your HCP has been allocated, we'll connect you with a friendly AHC Care Advisor to help you manage the services you choose.

How are home care services managed and delivered?

You'll have a team of care advisors, rostering team members and support workers. Your designated Care Advisor will assist with the management and set-up of your services, including roster, budget and initial care plan.

Care plan will be periodically reviewed and updated according to your needs or priorities change.

We're always here to help

It's important to us that you receive the right services for your needs. You can talk with us to discuss making changes to your services at any time.
