Alfagon

Just a note to remind you  
how much I love you and  
how proud of you I am. I  
know it's not easy being up  
in Alaska, with no family  
(except Uncle Rob) you just  
keep hanging in there, work  
hard, like I know you will,  
and good things will come to  
you.

Glad you got your truck  
back
