TECHNICAL DATA

Material Weight	610gsm-900gsm
Tensile Strength	1200N-3500N
Tear Strength	150N-600N
Material Fire Rating Examples	BS7837, M2 (NFP92507) BS7837:1996
Operating Temperature	-25 to +60 Deg C

Clear Vision Panel

A clear vision panel can be added to your curtain at **NO ADDITIONAL COST**.
Our super transparent PVC comes off the roll at 1310mm which we will aim to install above hip level unless specified to give you full visibility through your curtain.

Chain Weight

A chain sleeve can be added to your curtain to assist with keeping the curtain grounded in drafty environments.
If your curtain is being installed outdoors or in any type of draft environment, a weight is always recommended.

Installation Service

If you have a large project or you do not have the resources and equipment to install your partitions, you may benefit from utilising our specialist installation team.
Our qualified installers can work with even the most demanding schedules and complete your installation out of hours for busy factories to reduce downtime.
