ADVANCED OZONE

Water Treatment Solutions

Ozone Case Study - Clearview Hutterite Colony

Dugout Results

improved ORP *within 2 weeks, the ORP increase by approximately 350mV*

reduced algae *1" thick layer of algae was replaced by a thin layer of sand*

foam reduction *abundant foam collecting at the edge almost eliminated*

water clarity *greenish, opaque water became shimmering blue & transparent*

**We've never
seen water this
clear before!**

Jack, plumber
