ROWSONARA AKHTER, MD

A DOCTOR WHO CARES EXPERIENCE YOU CAN TRUST

Dr. Akhter has been practicing medicine in Camden for over 12 years. She was previously a primary care doctor with Our Lady of Lourdes Osborn Clinic in Camden for 10 years. Dr. Akhter became dissatisfied with the assembly line fashion of medical care and the pressure to spend minimal time with patients. Dr. Akhter choose to go out on her own to deliver medical care the way she believes it should be practiced. Dr. Akhter prides herself on delivering the individual care that patients require no matter the time required.

Dr. Akhter maintains hospital privileges at Virtua/Our Lady of Lourdes, Cooper, Jefferson.
