

Packaging 1 - Home & Laundry Dishwashing Sheets

TOUGH ON GREASE, GENTLE ON THE ENVIRONMENT

Harness the power of plant-based enzymes to break down stubborn grease and grime, leaving your dishes spotless without harmful residues.

SIMPLE, CLEAN, AND CONVENIENT

Ditch messy liquids and bulky pods—our sheets are an easy-to-use, space-saving solution that gets the job done with zero fuss.

HOW TO USE

For Dishwashers:

- Place a single sheet into your dishwasher's detergent compartment and let it do the work.

For Dish Drawers:

- Tear a sheet in half and place it in the cutlery tray. If you see extra foam, use less next time.

For Hand Washing:

- Add one sheet to warm water, let it dissolve, and wash dishes as usual.

LOAD SIZE GUIDE

- One sheet for full loads or handwashing.

EARTH-FRIENDLY FORMULA

- Free from harsh chemicals like phosphates, dyes, and bleach
- Safe for septic tanks and greywater systems
- 100% plastic-free, biodegradable packaging
- Made with eco-friendly ingredients
