- **HIGHLIGHTS**

Experience an unforgettable hunting adventure in Kyrgyzstan's majestic Tian Shan Mountains. Pursue the elusive Marco Polo sheep and Siberian Ibex, hunting on horseback alongside seasoned local guides. Sharpen your long-range shooting skills, as accuracy at 400-500 meters may be required. The breathtaking scenery, from towering peaks to vast valleys, provides a stunning backdrop. This unique combination of challenging hunts and unparalleled landscapes creates a truly once-in-a-lifetime experience.

- **PROPERTY FACTS**

Nestled deep within the majestic Tian Shan mountains, this hunting camp, a unique endeavor by the Kyrgyz government, offers an unparalleled wilderness experience. While the eight luxurious rooms each provide private bathrooms and unexpected amenities like reliable Wifi – a true rarity in such a remote setting – it's the communal spaces that truly capture the grandeur of the surroundings. The lounge area, with its striking floor-to-ceiling windows, frames breathtaking panoramic views of the rugged landscape. This blend of modern comforts and unspoiled wilderness creates a hunting retreat unlike any other.

- **GETTING THERE**
- **RECOMMENDED ROUTE**

International flights typically arrive at Manas International Airport (FRU) in Bishkek, Kyrgyzstan, often with layovers in Istanbul or Dubai. Upon arrival, our team will assist with firearms clearance. For guests arriving late, overnight accommodations in Bishkek can be arranged. From Bishkek, hunters have two options to reach the hunting area in the mountains: a 12-hour scenic drive or a 2.5-hour helicopter flight.
