

**TALKING, SINGING, AND READING TO YOUR BABY IS LIKE BLOWING BUBBLES... THE MORE BUBBLES YOU BLOW, THE MORE YOUR BABY'S BRAIN WILL GROW!**

Embrace the Joy of Learning! Brain Bubbles is a one-hour structured playgroup designed for ALL children aged birth to three. Parents and children will participate in engaging activities to foster language and literacy development.

We would like to partner with you to host a Brain Bubbles event!

Together, let's empower children with the gift of language! Visit our website for more information about St. Joseph Institute and the incredible work we do.
