

Knock Knock is Cambria Regular with custom added weight, while the rest of the text is Rubik

Cambria comes standard on all computers while Rubik can be downloaded at <https://fonts.google.com/specimen/Rubik>

Google Fonts

Rubik - Google Fonts

Rubik is a sans serif font family with slightly rounded corners designed by Philipp Hubert and Sebastian Fischer at Hubert & Fischer as part of the Chrome Cube

I wouldn't encourage using Cambria for any communications, however, reserving Cambria only for Knock Knock use so as not to dilute the value of the logo.
