Please prepare ALL artwork in this format to save complications
Adobe Illustrator Vector Art files, layered, outlined fonts, embedded images,
unprotected, editable EPS files.

All scans, images and color formats need to be in CMYK.

If the file is vector art you can send us the graphics much smaller than they will
appear on the box, and we can enlarge them without losing any resolution or
image quality.

If you are supplying Photoshop, or any other graphic files we have separate
directions for you.
