

In-Home Care

» Getting Started

Before starting services, we learn about your loved one's daily routines. Our team conducts a 45 minute in-home assessment that covers lifestyle, personality, established behaviors, and medical conditions. These factors guide the level of assistance necessary to help the patient remain independent in their home.

A comprehensive Care Plan is then customized to meet your loved one's psychological, physical, social, and safety needs. We thoroughly explain available services and answer any questions. We also discuss long-term care insurance and Veteran's Benefits. Our care advocates help navigate the important decisions faced by the family.

» We Will Discuss:

- Nutrition & Cooking
- Health Challenges
- Transportation Needs
- Cleaning & Home Maintenance
- Safety & Isolation Concerns
- Ambulation & Balance
- Medical Alert Buttons
- Daily Routines
- Memory Concerns & Wandering
- Medication Compliance

» Our Caregivers

We are devoted to providing the most professional, reliable and friendly caregivers in the industry. We seek mature-minded individuals with prior life experience in caring who have shown reliability and compassion. We would never hire a person that we wouldn't trust to care for our own loved ones.

We pride ourselves on matching highly-qualified caregivers to fit the personality, interests, and culture of each patient.

Our caregivers truly enrich lives.

Care Advocacy

Our experts plan and coordinate care for the elderly to improve their quality of life and maintain independence for as long as possible.

We organize the best combination of services: housing, home care services, socialization programs, financial and legal planning.

Our advocates understand your loved one's needs and arrange & monitor the implementation of services.

Medication Management

We assess prescribed medications, evaluate compliance needs, and offer a variety of solutions that support adherence.

"The ladies who come daily are nice, friendly, and effective. They clean up daily, make my bed, fix my lunch, and make sure I take my medicines. The ladies are like friends. They are friends to my little dog who absolutely loves them. For anyone who wants or needs assistance, their service is ideal."

"After a fall and rehab, my 89-year-old mom desperately wanted to remain in her home as long as possible. I didn't know where to begin. I contacted Happier At Home and met with their Geriatric Care Manager. She quickly developed a plan to keep her home. She organized everything and was a blessing to our family. Because of her, my mom truly is 'Happier At Home!'"

How We Are Unique:

Continuity Of Caregivers

We strive to keep the same caregiver for each visit.

Community Connection

We are locally owned & operated.

Training

Our continued training program leads the industry.

- Fall Prevention
- Nutrition & Cooking
- Alzheimer's & Dementia Care
- Senior Fraud Prevention

Support In Times Of Need

We help navigate the complex and confusing health care system. Care advocates interact with medical professionals and service providers to ensure our clients receive quality care and are protected from those who may take advantage of the elderly.

We can often help prevent a crisis before it occurs. If one does happen, we provide guidance, support and management. We act as liaisons to families, especially those living at a distance.

We monitor changing needs, manage and attend medical appointments, and provide feedback to the family. If a hospitalization occurs, our care advocates are there for your loved one from admission through discharge, and safely back home.

"I felt helpless living hundreds of miles away from my dad. Happier At Home's Geriatric Care Manager gives me peace of mind knowing she checks in on him regularly, manages his medications, and takes him to the doctor. She is like a beacon in a storm, and I thank God for her!"

Our Services

Happier At Home is the perfect solution for seniors that need support to maintain independence in their place of residence, no matter where they call home.

We customize care plans that are tailored to meet each individual's unique needs. Our services are personalized, affordable and are available 7 days a week/ 24 hours a day.

We Can Help With:

- Meal Planning & Preparation
- Transportation, Shopping & Errands
- Light Housekeeping & Laundry
- Companionship & Mental Stimulation
- Alzheimer's & Dementia Care
- Encouragement & Monitoring of Exercises
- Respite Care
- Long Distance Travel/Relocation Assistance
- Medication Reminders

Our Mission

We are dedicated to improving the lives of our clients by providing compassionate, one-on-one senior care in the comfort of their homes.

We offer guidance, support and advocacy that enables people to stay in their place of residence longer, enriches the lives of our clients, their families and our communities.

Founder Debbie Marcello established Happier At Home to help others facing challenges similar to those experienced by her family. Happier At Home is committed to delivering exceptional care.
