Dear Red and Pink Hatters,

Positivity and good will seem to be less in evidence than they used to be, don't they? There is so much uncertainty and turmoil in today's world that we have all been shaken to one degree or another. I'm sure you have felt this too. So many things that we grew up taking for granted as true are being questioned or devalued by many; we are losing our faith in our leaders and institutions and ill at ease when we look toward the future. In short, it's sometimes a world we don't recognize; we want desperately to "fix" it. But we don't know where to start. I have talked to dozens of people about this shared sense that we are failing in our shared responsibility to cause change for the better.

I recently came across the solution to our quandary in a quotation from highly respected author, Henry James, who once remarked: "Three things in human life are important: The first is to be kind. The second is to be kind. And the third is to be kind."

This sounds to me like the solution to many of the above problems. Kindness is comforting, encouraging and, best of all, contagious. It is right in line with what we Hatters value most - friendship, joy, inspiring others to look for the best and enjoy life. I need to remember that a smile and a kind word (and anything else positive I can come up with) will almost certainly brighten someone else's day - and may encourage them to do likewise for someone they next encounter. As I do this with intentionality I am bound to find my own mood lifting, and optimism rearing her lovely head again!

Just concentrate on the three things in human life that are important. Henry James knew what he was talking about.

In friendship (and with a smile),

In friendship,

Sue Ellen

HO, HO, HO!

*As the magical holiday season draws near,
We're wishing you days full of love, fun, and good cheer.
Although it may look different this time around,
There's no doubt that with RHS sisters, good times will abound.*

*We hope you'll stay healthy; play online or from six feet away,
Keep the hope that we'll gather again like normal - somehow, someday.
And as we say "happy holidays" to Hatters from all lands,
Here's one more reminder – don't forget to wash your hands.*

Your continued support of the Red Hat Society means the world to us!

Great big hugs from all of us at RHS Hatquarters.

One Act of Kindness a Day...

The world needs kindness and we are the women who can deliver! All of November, we are on a 30-day mission to spread kindness to everybody that we know. We ask them to join along as well.

Look to our social media pages every day in November for Red and Pink Hat inspiration. Feel free to print the messages for your personal use or to share them with your chapterettes.

FREE New & Improved Red Hat Mamma Dance Lessons for ALL RHS Current Members

Like most of you, I wear many hats. I am a daughter, sister, friend, wife, mother, grandmother, and a proud member of the Red Hat Society. Regardless of which "hat" that I might be wearing on any given day, I am grateful knowing that I have thousands of RHS sisters residing all over the world. You see, when you're in the Red Hat Society, you're never alone... you have sisters everywhere, who are willing to share kindness, friendship and fun!

As for the staff here at Hatquarters, I am so grateful for all of the tireless work in keeping the "Power of Fun" alive, so that our members can continue to spread joy and happiness.

I am also grateful for the opportunity to share my music with my red hat sisters. It brings me such pleasure knowing that RHS members are singing and dancing along to the Red Hat Mamma CD - globally!

Realizing that these are difficult times, I have a mission to help motivate through my music. I believe when we dance, sing, and play together, life's many challenges become much easier. During this down-time, I want to do my part and offer free "new and improved" Red Hat Mamma dance lessons to ALL of my RHS sisters who are current members. Just go to www.RedHatFunTime.com and get started today!

Thank you, RHS sisters, for being there, and showing others that you care!

Peace, Joy & Blessings,

Queen Kathy Bee

RAMBLIN' RED ROSES WIN AGAIN!

The Ramblin' Red Roses of Texas, USA is a traveling Chapter chartered in 2005. As a traveling Chapter, these gals are always up to something exciting! This year, they participated in the West Texas Fair and Rodeo Parade. They even extended an invitation to all Abilene Red Hatters to participate by riding on the float with them. Now, that's the power of fun!

This Chapter has been participating in the event for four years in a row and they have won an award every time! This year was no different! The Ramblin' Red Roses won the Originality Award with their Flamingo Paradise Float built for this year's parade theme of Fairadise. The float was a crowd pleaser filled with Red Hatters decked out in their Red and Purple Regalia, of course!

What Are You Thankful For?

The month of November is a friendly reminder to all of us to step back and think about who or what we are thankful for. It's the perfect time to step back and reflect on all of the good things in our lives. Let's check out what other Hatters are thankful for!

"I'm thankful for the TRUE friends I have made because of The Red Hat Society!"

Jacqueline L.
from England, UK

"For All of my Red Hat Sisters! Wherever you go, you will always find a hatter nearby!"

Hellen A.
from Nova Scotia, Canada

"For food on my plate, family, and the roof over my head."

Carolyn H.
from Tennessee, USA

"Hatquarters! For everything they do to help their members with whatever question or problem they may have."

Claudia F.

Cynthia H.
from Texas, USA

"Family, of course!"

Maureen K.
from Missouri, USA

"This whole society! It is the reason why I was able to make it through the pandemic!"

Christine L.

Jan L.
from Ontario, Canada

Ask Ruby

*Dear Ruby,
I am an offical member and after participating in multiple chapters, I would like to start one of my own but I am not sure how. Can you help?*

So excited to help you embark on this new journey! The first step would be to upgrade your membership to Queen. From there, you can start recruiting your members for your new chapter. Some ways to recruit new members are by hosting meet and greets, posting flyers around your town, or simply asking a neighbor or even the people you go to the gym with! Little by little, you will begin to see one member after the other wanting to join your new group.

Once you have a few official members registered under your group, you can host your very first outing where the following important topics should be discussed: name of the chapter, what the chapter will consist of, elect your Vice Queen and Treasurer, and most importantly - what everyone hopes to gain out of this chapter. **And voila!** You are now the queen of a chapter and you are ready to start creating a lifetime of memories and friendships!

Capturing years of

Memories

Queen Maria D. from Texas, USA has only been the Queen of The Royalty Sisters for three years, but they have already created lifelong memories! A tradition of theirs is to take yearly photoshoots. These photoshoots are the perfect way to bring the whole Chapter together. They love doing them, because it reminds them of the love they have for each of their RHS Sisters and they are fun!

Behind each photo, there's a story. For example, some of the Chapterettes wore heels for this photoshoot, but because it was a grassy area, their heels kept getting stuck! However, they did not let this small predicament ruin their fun. They simply took off their heels and put them back on when it was time to take the picture. Afterall, the show must go on!

And that's not the end! Once they were finished with their photoshoot and their pictures were printed, they were thrilled with the outcome. These photos are the perfect way to preserve their memories. They can look at them and reminisce how awesome it was to be with the people you truly care about and who bring you joy.

How To FIGHT HOLIDAY STRESS

The holidays can be a joyful time as they are the perfect opportunity to reunite with our closest friends and family; however, they can also be very stressful. The holiday season can be hectic due to feeling pressured to buy the "perfect" gift, planning dinner, and coordinating with everyone to get together. It is important to note that it does not have to be this way. After all, the Holidays were meant to be enjoyed!

Here are some tips from Queen Sunny M. from Missouri, USA on how to deal with holiday stress.

SHUT THE FRONT DOOR

Take some time to step away from whatever you are doing. Focus on having quiet time to yourself in order to be able to regroup.

TAKE A DEEP BREATH

It's easy as 1,2, 3! Slowly breathe in and out. This small tactic can really go a long way!

UNLOAD IT ON PAPER

It's the healthiest way to blow off some steam! On a piece of paper, write down the top three items that are bothering you or taking a lot out of you. Once you have calmed down, review the items, and think of ways on how to turn this problem into a solution.

TAKE ONE STEP AT A TIME

Instead of doing a million things all at once, focus on one project at a time. That way you won't feel so overwhelmed and things can get done much quicker.

When she's not helping us survive the holidays, Queen Sunny M., Missouri, USA, can be found sharing wonderful fitness tips to motivate hatters to keep moving

Our Queen Lady Bug Debra Granich, the CEO of the Red Hat Society, prepares for her appearance on Let's Make a Deal as none other than Mary Poppins. She even had the privilege to wear one of the original Hats worn in the latest movie, which the Red Hat Society was proud to promote. At the time of this publication, we do not know if she won a prize, but we know that she is our BIG WINNER! Think good thoughts, everyone! Watch for the announcement of the airing date in our upcoming Hatters' Chatter!

38 Shades of Pink!

Queen Mary T. from South Carolina, USA ran into some lively Red Hatters during a cruise. She absolutely fell in love with the idea of our Sisterhood and decided to join right away! Initially, Mary became a member but soon realized that she truly wanted to be a RHS queen. She decided to take matters into her own hands and started a Chapter of her own! This is how The Divine Divas of SC chapter began!

As a pinkie member, she chose to only recruit other pinkies as well. With her hard work, she was able to recruit members through social media and by hosting meet and greets. It's important to note that it is essential for pinkies to join the society, because they are the future of our sisterhood. The fellowship of them getting together and being able to develop a lifetime of friendships is something that cannot be found anywhere else!

This pinkie chapter is so much fun to be with! They love to travel to nearby states and experience new cultures and food. Their monthly outings have consisted of horseback riding, taking a trip to a local winery, and even hosting a bingo event with other chapters in the area.

After being together for four years, Queen Mary T. is lucky to have them by her side. They have been there for her when she needed them the most. They are her true sisters. Queen Mary's words of wisdom are, "Do not be afraid to start a chapter of your own. Create a chapter, gather like-minded women around you, and lead it as you all wish! It's that simple! It can start with another one of your closest friends and you can recruit other members from there! Just don't give up! There are others out there who are looking for a chapter to join just like yours!"

Thank you, Queen Mary. May you reign supreme for many years to come!

THE JOY OF SHARING

'TIS THE SEASON TO BE JOLLY!

The Red Hat Society has brought our members so much joy into their lives that some feel the need to share that happiness with others. A small act of random kindness can really go a long way! This season is the perfect opportunity to make a stranger feel special and cared for. In return, those noble deeds bring even more happiness into your life. Sharing is truly a win-win!

Let's give a round of applause to these members who have been able to make an impact in their local communities while continuing to have a fun Hattitude!

The Diamond Dolls Of Dover from Delaware, USA join the fight against Alzheimer's by participating in their local walk to end the disease.

The Divas Divinas from Texas, USA collected clothing items for women and children from their chapterettes. They were then donated to a local charity.

We're sure that their little spark of kindness will put a colossal burst of sunshine into someone's day!

The **Purple Angels Of Azle** from Texas, USA went out to celebrate their new member and Pinkie at a local Mexican restaurant. During their outing, they overheard that the restaurant owner had been in the ICU on a ventilator for quite some time. This truly touched their hearts. Therefore, they put their heads together and started thinking of ways on how they can help. Together, they agreed to make a donation. As a chapter, they donated money to the wife of the restaurant owner in hopes that it could help their family during these tough times. Kudos to you, Ladies!

During one of their monthly outings, **The Angels In Red** from Indiana, USA, hosted a raffle where all of the proceeds were donated to The Santa Project. They chose to donate to this Organization, because they wanted to make sure that families, who were struggling during the holiday season, were able to have a magical Christmas.

Adventure

on The Bay

Our red hatters from Baltimore, Maryland, USA sure know how to have a good time! Each month, a different chapter from that city gets the chance to host an outing. Usually, it's a luncheon, where they have the opportunity to try different kinds of foods or just go out to one of their favorite restaurants.

One of their most memorable outings was their luncheon cruise. This event was organized by Rosa B., a member from the Purple Passion Chapter. The cruise ship

traveled along the Chesapeake Bay. Together, they enjoyed a hot buffet along with some great music! Their group was so big that they took over the whole deck located downstairs and danced the night away!

Special thanks to Queen Sheila M. from The Chic Chickies for sharing this story with us and taking care of the invitations. Thanks to her hard work, members from fifteen different chapters were able to attend!

QUEENS OF THE MONTH

One of the many benefits of being a Queen in RHS is having access to the exclusive monthly Queen to Queens Broadcast. This newsletter features a Queen of the Month recognition and all the latest news from Hatquarters. We'd like to give another appreciation to all our Queens who were featured during 2021 – it was quite the year to keep your chapters connected and strong! Congratulations your majesties and thank you for all you do in the Sisterhood.

QUEEN TERRI S.
Chicago, Illinois, USA

She is a proud Ambassador who makes everyone feel welcomed. When she gets an inquiry from a potential new Chapterette, Terri sends out a letter stressing that there is “no pressure” to join. They are just a group of like-minded ladies out to have fun. She always encourages them to bring a friend to check and visit her group.

QUEEN ALINE C.
Breslau, Ontario, Canada

The pandemic was not an obstacle for Queen Aline. Instead, she quickly thought of other ways to stay connected to her Chapter. Queen Aline is one of many pioneers that started to host her events virtually and weekly. She always made sure her Chapter continued to stay connected during these uncertain times. A time where we need to stick together and help one another.

QUEEN MARIA D.
Mission, Texas, USA

She is a retired nurse who has put people's needs before hers. Recently, she has returned to help her community at a local nursing facility, where she does her part to help those in need during this global pandemic. Her selfless acts of kindness show that not all heroes wear capes and anyone can make a difference with a little action.

QUEEN CHRISTINE T.
Riverview, Florida, USA

Queen Christine has not only been an amazing friend, but a mentor to many members of the society. She has shown a willingness to share her skills, knowledge, and expertise in event planning, and it shows in each event she hosts. Christine is a fantastic Red Hat Sister to all.

QUEEN DONNA B.
Edmonton, Alberta, Canada

Donna is a true example of a Red Hat Society Queen. Not only does she sprinkle some sparkles to her Chapterettes, but she decides to spread them to other members in her area as well. A little love goes a long way!

QUEEN CHERYL H.
Vancouver, British Columbia, Canada

Cheryl has been very fortunate to have had a wonderful bunch of ladies who are fun and caring with each other. Even with the trying times they are experiencing at the moment, they try to keep in contact with each other. Fortunately with Zoom, they have the opportunity to see each other regularly.

QUEEN JUDY D.
Cheboygan, Michigan, USA

This Queen is one of the strongest women we know! Throughout the year, she has battled through some health conditions and on top of that the pandemic, but she did not let any of this bring her down! There is absolutely no obstacle this Queen can't overcome!

QUEEN PAMELA J.
Lancaster, Texas, USA

The pandemic has taken a toll on everyone. Whether it has been physically, emotionally, or mentally. Queen Pamela was one of the first Queens in our Society to turn a negative situation into a positive one. Not only does she inspire us every Monday with her “Dress Up Mondays” sitcom, but she has motivated other members to keep the RHS Spirit alive within their own Chapters.

QUEEN JUDY S.
Sault Ste. Marie, Ontario, Canada

Whenever she's traveling, she does not hesitate to spread the word about our organization and even gives out her calling cards. She has reached people from New Orleans all the way to South Africa! Now, that's the power of fun!

QUEEN DAWN M.
Denton, Texas, USA

Queen Dawn loves being a Queen as it is the perfect opportunity to reach a wider audience. As a Queen you also have the control on how you wish to manage your Chapter. For example, Queen Dawn opens her Chapter up to everyone. No one is left out. She likes to make people feel welcomed and loved.

QUEEN SHARON B.
Hillsboro, Ohio, USA

She has a passion for sharing her love for arts and crafts. Sharon has taken the time to make everyone in her Chapter seat covers, shirts, and headbands! On their first Chapter anniversary, she made them flower pot lighthouses as well. What a sweet gesture!

We still have a spot remaining for the year, and we'd love to feature you in the new year – visit the Red Hat Society Official Queens group on Facebook for more information on how to be featured!
