

Cedonix Outline

Cover

- Cedonix Technologies
- “Protecting Data. Empowering Organizations.”
- Target markets: Enterprise | SMBs | NGOs | Government

Problem Statement

- Cyberattacks cost organizations \$4.4M on average per breach; SMBs face nearly \$1M in recovery costs.
- SaaS reliance creates data loss risks (70% of organizations experience SaaS data disruptions).
- Cyber insurance is increasingly costly and complex.
- Nonprofits and government orgs are high-value targets with limited cyber resources.

Our Solution – Cedonix Security Ecosystem

- Managed SOC (24/7/365): Advanced threat detection across endpoint, network, and cloud.
- SaaS Protection: 3x daily backups, infinite retention, fast restores, ransomware rollback.
- Fast Track Cyber Insurance: Pre-qualified \$1.5M cyber liability coverage via Cysurance partnership.
- Help Desk & Support: Global, RITSM-certified, 24/7, custom response times (SLAs) for mission critical events as needed.
- Awareness & Phishing Defense: AI-powered email security, training, and simulations.
- Compliance Consulting + Solutions: HIPAA, SEC, FINRA, FEDRAMP, GDPR, DLP

Competitive Advantage

- Integrated stack (Backup + SOC + Cyber Insurance + Awareness + Support).
- Compliance-ready (SOC2, GDPR, HIPAA).
- Financial safety net via Cysurance: \$500K warranty + \$1M insurance.
- Differentiated branding: trust, protection, knowledge—not fear.

- **Flexibility in service offerings and agreements.**

Technology & AI Integration
