

We are **Tax Rebates Ltd**, a UK-based accountancy firm specialising in helping **mechanics claim tax back on their tools**.

We require a professionally designed **A4 presentation folder** to distribute to mechanics who request or submit claim forms.

The folder should:

- Be **visually eye-catching**, professional and trustworthy.
- Use a **clean, modern layout** with clear hierarchy of information.
- Instantly communicate what the service is about (tool tax rebates for mechanics)
- Use strong branding, bold headings, and professional imagery.

## Front Cover.

Headings / taglines:

- Claim Tax Back On Your Tools
- UK's No.1 Tool Tax Rebate Experts
- If you buy your own tools for work, you could be owed £1000's back!

We've processed thousands of successful claims for tools purchased from

- Snap on
- Mac Tools
- eBay
- Amazon

(Include the logos)

## Section: “How It Works”

### Complete your claim in 3 easy steps:

1. Complete the short application form and return it using the **FREEPOST envelope\***, along with your receipts / transaction history and P60s (if available).
2. We'll calculate your claim, prepare all paperwork, and send you forms to sign electronically.
3. We submit your claim and wait for your payment.

Your dedicated accountant will keep you fully updated throughout and handle all correspondence with HMRC.

\*If you prefer, you can email the form and your receipts to [claims@taxrebates.co.uk](mailto:claims@taxrebates.co.uk)

## Section: Frequently Asked Questions

### Am I eligible to claim?

If you are required to buy your own tools for work, are a PAYE employee and you have paid tax on your wages, then you will be eligible to make a claim.

### How much can I expect to get back?

As a rough guide, you can expect to get back up to 20% of your total tool spend. The actual figure depends on the timing of the purchases and your tax history. We will always get you the maximum legal refund.

### Do I need receipts?

Yes, HMRC require proof of purchase for your claim to be accepted. If you buy your tools from a tool dealer such as Snap-on or Mac, they are usually able to provide you with a transaction history.

### How far back can I claim?

As long as you have your receipts and still own the tools, there is no time limit.

### How long will it take to get my refund?

Most claims are settled in around 12 weeks.

**What is your fee?**

Our fee is 25+vat (30% in total) and is settled direct from the refund so you wont need to pay us anything out of your own pocket. There are no hidden charged and if we're not successful in obtaining a refund, you wont owe us a penny!
