

Mind Messer

(music & lyrics by frozenroom)

Breathe in
Fill that empty space inside
Now breathe out
Free your cluttered mind

Don't you wonder if there's still something around?

Oh, shout it out
No, don't give in
Take a look around – this ain't everything
Don't run for cover
Place your bets tonight
Shake off the demons that are messing with your mind

Waste no time or time will waste you
Try to kill the noise that rings inside your head

Don't you wonder if there's still someone around?

Oh, shout it out
No, don't give in
Take a look around – this ain't everything
Don't run for cover
Place your bets tonight
Shake off the demons that are messing with your mind
