

## The Fire

(music & lyrics by frozenroom)

Stuck in silence, finding ground  
We're turning things that held us down  
The world is shifting, skies are clear  
Hope is drawing near

The weight of doubt, it pulled us down like a falling anchor  
But hope is strong, we've found our ground

Ooohhh ooohhh ooh ooohhh  
Do you feel the fire?  
Ooohhh ooohhh ooh ooohhh ooh ooohhh  
We've come to shine

Echoes calling, hearts collide  
Sparks of hope we can't deny  
We are chaos, we are wave  
Breaking rules, we won't behave

The chains are gone, they've hit the ground like roaring thunder  
Hearts alive, the flame's unbound

Ooohhh ooohhh ooh ooohhh  
Do you feel the fire?  
Ooohhh ooohhh ooh ooohhh ooh ooohhh  
We've come to shine

Ooohhh ooohhh ooh ooohhh  
Can you feel it, can you feel the heat inside?  
Ooohhh ooohhh ooh ooohhh ooh ooohhh  
We're shining bright
