

COLOR PALETTE

Color Palette

Inspired by Puerto Rico's endemic hummingbirds.

Every color traces back to a hummingbird found only in Puerto Rico. Indigo, Emerald, and Iridescent come from the Puerto Rican Emerald (*Chlorostilbon maugaeus*). Amber Gold and Gold Light come from the Antillean Mango (*Anthracothorax viridis*).

			
Indigo #330099 Primary	Emerald #1a6b45 Secondary	Iridescent #3dbfa0 Bridge accent	Sunlit Gold #f5c842 Warm accent
			
Gold Light #fff8d6 Warm background	Ink #0f0f1a Body text	White #ffffff Background	

Usage Rules

-  Use Indigo for all primary brand moments — headers, navigation, hero sections, and email banners.
-  Use Emerald for calls to action, primary buttons, and active states.
-  Use Iridescent sparingly — links, hover states, and delight moments only.
-  Use Sunlit Gold for warmth — callout boxes, highlights, milestone badges. Never for primary actions.
-  NEVER place Indigo text on Emerald backgrounds or vice versa — insufficient contrast.

CSS Variables

```
:root {
  --sc-indigo: #330099; /* Primary */
  --sc-emerald: #1a6b45; /* Secondary */
  --sc-iridescent: #3dbfa0; /* Bridge accent */
  --sc-gold: #f5c842; /* Warm accent */
  --sc-gold-light: #fff8d6; /* Warm background */
  --sc-ink: #0f0f1a; /* Body text */
  --sc-white: #ffffff; /* Background */
  --sc-indigo-deep: #1a004d; /* Dark headers */
}
```
