

DR SZE LING WONG

PERTH ENDOCRINE SURGEON

Sze is a specialist endocrine and general surgeon. Her special interests include benign and malignant diseases of thyroid, parathyroid and adrenal gland, minimally invasive adrenalectomy and transoral thyroidectomy. She performs well within best practice standards in all clinical performance indicators relevant to endocrine surgery (recurrent nerve injury, hematoma, hypoparathyroid, and infection rates).

She is part of the Royal Perth Hospital Endocrine Surgery unit who introduced "Scarless" Thyroid Surgery - Transoral Endoscopic Thyroidectomy Vestibular Approach (TOETVA) to Australia. She also holds the position of Adjunct Senior Lecturer at the University of Notre Dame. She was the recipient of the prestigious 2019 General Surgeons Australia Excellence in Surgical Teaching Award.

She provides No Gap surgery at SJG Midland Private Hospital for eligible patients covered by major health funds for endocrine and general surgical procedures.
