 PANTONE 361 U
 PANTONE Black U

ENVIR
CUP 
love your planet

- The difference of overlapping needs to be less than 0.3mm.
 - The color will be a little different when the cups are printed in different time and different batch.
 - Please supply similar pantone color as a reference if there is fading color.
 - There will be less than 1.5mm tolerance ranges at the joints of the designs for single, double wall cups and cup sleeves;
there will be less than 3mm tolerance ranges at the joints of the designs for ripple wall cups.
 - Printing color depends on pantone color or samples, but the actual color may have +/-10% allowance.
 - There is not any smell for flexo printing, but there will be for offset printing, so please make sure the smell is acceptable if you choose offset printing.
 - Please check and review the artwork carefully, and send confirmation by mail or signature returned.
- All production will be subject to the approved artwork accordingly. No future responsibility will be taken if any error or change is not found after artwork is confirmed.
