Three problems

1. We need to convey that we do more than SEO
2. The call to action needs to be the box in the middle of the screen that gets the person to start the process of submitting the lead form.
3. The buttons on the bottom get lost.

Questions:

1. Do we keep the numbers on the right "In the last 30 days..." These are updated nightly.
2. Do we expand the Enter domain name to the entire screen width.
3. Do we add navigation in place of the three calls to action?
